ANNUAL REPORT 2017

Queensland State School Reporting

Inspiring minds. Creating opportunities. Shaping Queensland's future.

Every student succeeding. State Schools Strategy 2017-2021
Department of Education

Note 1. To assist with the development of the 2017 School Annual Report (SAR), this prepopulated template has been provided so schools can insert required information. Depending on your school type and year levels offered, you may choose to remove some non-applicable sections. Some sections marked optional may also be deleted.

Note 2. Careful consideration should be given to the nature of reporting where there are fewer than five people in a group, cohort or reporting field, or where all persons in a particular group have achieved identical results.

Note 3. To meet the 30 June deadline, the completed SAR **must be uploaded by 15 June 2018**. This will enable any issues to be resolved prior to the end of the school term. The SAR must be located no more than '1 click' away from the school's home page and be left on the website for a minimum of 12 months.

Note 4. Schools are to make arrangements to provide the information (e.g. a copy of the completed SAR), on request, to a parent, carer or a person who is responsible for a student at the school and is unable to access the School Annual Report on the internet.

Note 5. Please ensure that all RED text is deleted before converting to PDF and publishing on the web.

School Overview

Everton Park State School was established in 1934 and is very proud of its students' academic, social, sporting and artistic achievements. Our school is situated on 3.4 hectares of land and has a population of approximately 500 with students attending from Prep to Year 6. Our commitment is to ensure quality educational delivery so our students discover a love of learning, and have opportunities for maximum success. We encourage our students to develop into caring, capable, confident and contributing members of our global knowledge-based society. Our school has a growing reputation for knowing, understanding and catering for all students through a differentiated and rigorous curriculum. Enrichment programs and learning support are an integral part of our classrooms every day. Our curriculum emphasis is focussed on literacy, numeracy and science. At Everton Park State School we have a shared belief that every student can learn. We are committed to ensuring that every day; every student takes another step forward in their journey of lifelong learning. We have an inclusive curriculum in which all students are working towards common year level goals. We acknowledge individual learning needs and learning styles and shape our curriculum to foster individual growth. We believe that success is best achieved through a collaborative, evidence based approach within a no blame culture in which teachers assume high accountability for individual student achievement. Our teachers create classroom environments in which all students are expected to learn successfully and they are well supported in their endeavours to do this. We set high expectations for all students to consistently work to their full potential. Teachers also set goals and targets for individual students, groups, cohorts and their whole class and use these aspirational targets to create a differentiated classroom. As a school we hold high expectations for all students, for behaviour and academic achievements. We welcome the great assistance we receive from our school community as we work together to nurture the innate potential of each and every child and provide appropriate educational opportunities for our students. The staff, parents and students of Everton Park State School take a collective responsibility to make and grow our school to be the very best it can be.

Principal's Foreword

Introduction

The 2017 School Annual Report for Everton Park State School will provide details around the initiatives and targets set for our school and our students. Data will also be included to give an indication of how successful teachers and staff have been in achieving targeted academic goals.

At Everton Park State School our overarching goal is to provide high quality education that improves students' academic outcomes and makes a positive difference to all students. Our school is a co-educational state primary school that is welcoming and supportive. Our school achieves outstanding academic results and our staff and community are committed to a wide range of programs in the academic, sporting, musical and citizenship areas. While our curriculum priorities centre on literacy and numeracy, our students are provided with a broad range of enriching learning opportunities and experiences.

Being a medium sized school close to the city, we enjoy many benefits, where all individuals are known and valued. We encourage all students to participate to the best of their ability in all aspects of school life. Students, staff, parents and community members collaboratively model our school values: 'Responsibility, Respect, Caring, Cooperating, Achieving' and associated behavioural expectations; 'Be Safe, Be Respectful and Be an Active Learner'. As our school motto says, we must strive for 'Success with Honour'.

School Progress towards its goals in 2017

Reading – continue to embed the Everton Park State School Reading Framework with a focus on Guided Reading through coaching and mentoring.	In progress – continue to embed in 2018 using coaching and mentoring.
Writing – consolidate our Writing Process using formative assessment with a focus on explicit feedback based on success criteria.	In progress – continue to embed in 2018.
Learning and Wellbeing – Personal and Social Capabilities – consolidate a whole-school approach using Positive Behaviour for Learning.	In progress – continue to refine and deepen practice in 2018 utilising Classroom Profiling and ESCM.

Future Outlook

Reading – WHEN teachers use modelled-shared-guided-independent Reading, THEN learners are able to use the language of the reading strategies to process the text and learn how they learn.

Writing – WHEN teachers use the Writing Process - planning-drafting-conferring-refining-publishing, THEN learners understand the purpose and audience and can think and write like authors.

Formative Assessment - WHEN teachers use the formative assessment practices of feed-up, feedback and feed-forward, THEN learners have a sense of purpose and are able to reflect and understand their next steps in learning.

Learning and Wellbeing – WHEN teachers utilise Collaborative Learning Strategies including open and dead end roads, THEN learners are engaged and take responsibility for their learning.

Strategy	Impact on learning – Effect Size	School Priority for 2018
Feedback	+ 8 months	Data Literacy and Formative Assessment
Meta-cognition and self-regulation	+ 8 months	Curriculum and Pedagogy
Collaborative Learning	+ 5 months	Learning and Wellbeing
Reading Strategies	+ 5 months	English – Linking Reading and Writing
Early Years Intervention	+ 5 months	English - Reading

How Information and Communication Technologies are used to Assist Learning

As part of the Australian Curriculum our students develop ICT capability that supports and enhances learning across all areas of the curriculum. Our students develop the knowledge and skills to use ICTs in a range of tasks within meaningful, authentic and safe contexts. They learn to use the appropriate social and ethical protocols and develop awareness of being cybersafe in digital environments. At Everton Park State School, teachers are committed to the continual development of their digital pedagogy and providing learning environments where their learners' knowledge is deepened, transformed and created through the use of digital tools, resources and environments. All classrooms are equipped with electronic interactive whiteboards, allowing teachers to engage students in multimodal learning experiences. Our teachers provide online spaces and virtual classrooms where students can; access and upload information, communicate through blogs and forums, and interact through online learning objects and other web links in a 24/7 online environment.

With the digital environment creating more demand on literacy and numeracy skills our aim is to provide students with access to high quality resources such as electronic interactive reading books and online Mathematics programs like Mathletics. Our school recognises that new technologies and mobile devices are changing the ways that people share and communicate with ICT. Networked computers are located in classrooms and in our computer laboratory. Wi-Fi access is available throughout the school. iPads are also used throughout our school and provide an authentic digital tool for students to investigate, communicate and create across a range of tasks. This technology adds depth and richness to student learning. Everton Park State School is currently updating the classroom interactive whiteboards. In time, these will be replaced with interactive LCDs or TVs with Apple TVs or similar.

Social Climate

Overview

At Everton Park State School we value individual differences and as a school take a stand against bullying and anti-social behaviour. Everton Park State School is committed to providing a safe, respectful and disciplined learning environment for students and staff, where students have opportunities to engage in quality learning experiences and acquire values supportive of their lifelong wellbeing. The Everton Park State School Responsible Behaviour Plan (RBP) for Students is designed to facilitate high standards of behaviour so that the learning and teaching in our school can be effective and students can participate positively within our school community. We consider the RBP to be an opportunity for valuable social learning as well as a means of maximising the success of student learning programs. Our RBP outlines our system for facilitating positive behaviours and responding to inappropriate and unacceptable behaviours. Through the RBP, shared expectations for student behaviour are clear to everyone, assisting Everton Park State School to maintain a positive and productive learning and teaching environment, where all school community members have clear

and consistent expectations and understandings of their role in the educational process. Students who effectively work within our school rules demonstrate a knowledge and understanding of our agreed set of School Values. Our School Values are:

- Responsibility
- Respect
- Caring
- Cooperating
- Achieving

Our school community has identified the following school rules to promote and teach high standards of responsible behaviour:

- Be Safe
- Be Respectful
- Be an Active Learner

Our school rules have been agreed upon and endorsed by all staff and our school P&C. They are aligned with the values, principles and expected standards outlined in Education Queensland's Code of School Behaviour. Each week on assembly we acknowledge students who demonstrate positive citizenship behaviours through our 'Gotcha' program. Also each week, individual students are recognised on assembly and in the class newsletters for individual achievements. We have a strong uniform policy which is endorsed by our P&C in which every child is expected to wear the correct uniform every day. Our school is very proud to know the culture we build makes a considerable difference to the behaviour standards of our children. Our students want to come to school, want to learn and they treat each other with respect and courtesy.

Parent and community engagement

At Everton Park State School there is a strong sense of community spirit. We encourage parents to become involved in their child's education in many ways and we have a supportive parent group who volunteer to assist our students each week.

A parent representative from each class in the school attends a meeting regularly throughout the year to provide feedback to the leadership team on important initiatives within the school. These parents also provide valuable ongoing communication between the school and the home.

Parents are regularly involved in our school programs and assist teachers with activities such as our

perceptual motor program, swimming and sporting programs, Morning Reading Club, Before School Walk and Talk, classroom reading and Mathematics activities, group rotations, sports carnivals, excursions, working bees, art and other activities. Parents also support students and the school in intensive inter-school sporting activities, sport carnivals, tuckshop and uniform shop, as well as through numerous fundraising endeavours.

Parent nights are held every year, in every class, in the first three weeks of the year. Parent/teacher interviews are conducted twice a year and are designed to keep parents informed on the progress of their child.

Parents are regularly invited to school to view and celebrate learning. Many parents attend our Friday morning assemblies and are able to share in our weekly celebrations of school and student success and achievement. This is also an opportunity for our school community to keep informed about what is happening in and out of the classroom.

Respectful relationships programs

The school implements a program that focuses on appropriate, respectful and healthy relationships. This is adopted and adapted from the Curriculum to Classroom resources. Year 6 students participate in the Shine Program which focuses on self-awareness and social awareness.

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES

Environmental Footprint

Reducing the school's environmental footprint

We continue to model and teach sustainable approaches to reducing our environmental footprint. This includes reducing our printing and paper output.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	163,052	6,382
2015-2016	157,227	7,130
2016-2017	157,816	1,751

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Everton Park State School was introduced electronic roll marking in 2015.

This allowed student attendance to be managed in a more timely manner. Student absence reports were run and followed up daily. In addition to this, patterns of student non-attendance were monitored by the leadership team at regular intervals throughout the year.

Excessive student absence was followed up with parents, in line with SMS-PR-029 which included parent meetings with members of the leadership team to discuss and resolve any concerns regarding non-attendance. Parents/carers at Everton Park State School are vigilant in reporting student absence, hence it is in very rare cases that student attendance concerns reach this level.
