

Everton Park State School

School review conducted 4 to 6 May 2021

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

Review highlights

- ✓ A professionally committed staff providing a vibrant learning environment
- ✓ A strong community ethos supporting sustainable practices
- ✓ A focus on quality practice delivering the best for students
- ✓ Collegial culture of inquiry and innovation

Consultation

Total of 133 interviews

12 community members and stakeholders

59 school staff

30 students

32 parents and carers

Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...

- ➔ Develop aspirational targets aligned to student achievement levels across the focus areas of the explicit improvement agenda to monitor the impact of school initiatives in improving student learning and wellbeing outcomes.
- ➔ Further develop the capability of all teachers to apply school strategies for goal setting including reflecting and tracking impact on student learning improvement.
- ➔ Review school strategies and processes for building teacher data literacy and monitor progress for impact on teacher capability and student improvement.
- ➔ Provide professional learning opportunities for staff to develop their understanding of identified priority inclusion groups and to enhance their capability to meet student learning and wellbeing needs within the classroom.
