

## Memorandum of Understanding for Students in the iPad Program Year 4 2023

The Bring Your Own iPad Program is designed to help students keep up with the demands of the 21st century. Helping students become responsible digital citizens will enhance what we do in the classroom and give students skills and experiences that will prepare them for their future studies and career.

### 1. Purpose

The memorandum confirms that parents will supply/purchase an iPad for their child to use in Year 4, 2023.

### 2. Commencement

This agreement commences upon signing the memorandum. The signed memorandum will inform school planning for 2023.

### 3. Rolling Program start

You will be advised when to send the iPad to school in Term 1, 2023. We plan to have a rolling start over a two-week period at the beginning of the year. This will assist us to set up the devices for a smooth transition to school.

### 4. Apple ID

Please set up an Apple ID for your child and link it using family sharing to an adult owned Apple ID so that you can monitor purchases and your student's activity online. The purpose of setting up an Apple ID using your child's email address is so that parent information, photos and messages do not disturb your child's learning throughout the school day.

Thank you for your support of our BYOiPad program.
